

## Material Handling Arm

Optimize the use of your telehandler with the JLG material handling arm. The three-way adjustable arm allows your machine more movement and versatility, adding to jobsite productivity and efficiency.

The material handling arm is excellent for various industries, including: construction, civil engineering applications, contractors and the rental industry.

### Features

- Telescoping capabilities in three locked positions.
- Multiple lift points allow the material handling arm to handle different load lengths and weights
  - Fully extended: 2000 lbs lift capacity
  - Mid-boom extension: 3000 lbs lift capacity
  - Fully retracted: 4000 lbs lift capacity
- Arm extends and retracts manually for reliable operation.

### Specifications

- Distance to center of gravity: 3.7 inches

#### Current Production - Material Handling Arm
