Important

Please have the serial number of your machine readily available as you use this parts manual. Many parts lists contain component listings followed by serial number breaks. Serial number breaks indicate a change in the fit, form or function of the part. Without the correct serial number, you may order a part that does not fit or work in your machine.

The serial number is found on the upper right corner of the serial plate. The serial plate is located on the back of the number 1 column.

If you have any questions about obtaining correct parts, please call the Genie Industries Service Parts Department.

The product code is found on the lower right corner of the serial plate.

California Proposition 65

WARNING

Operating, servicing and maintaining this equipment, passenger vehicle or off-highway motor vehicle can expose you to chemicals including engine exhaust, carbon monoxide, phthalates, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. These chemicals can be emitted from or contained in other various parts and systems, fluids and some component wear by-products. To minimize exposure, avoid breathing exhaust, do not idle the engine except as necessary, service your equipment and vehicle in a well-ventilated area and wear gloves or wash your hands frequently when servicing your equipment or vehicle and after operation. For more information go to www.P65Warnings.ca.gov/passenger-vehicle.

Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

- Always start and operate the engine in a well-ventilated area.
- If in an enclosed area, vent the exhaust to the outside.
- Do not modify or tamper with the exhaust system.
- Do not idle the engine except as necessary.

For more information go to www.P65warnings.ca.gov/diesel.
