DISCLAIMER

Terex Aerials strives to include in the Parts Manual, information and illustrations that are accurate, complete, and current. Due to on-going changes and revisions by our many suppliers, it is often impossible to show all variations of a given assembly. Therefore, this information is subject to change without notice.

NOTICE

The Parts Manual, though sometimes helpful in the process of assembly/disassembly, is NOT intended to be assembly/disassembly instructions.

HOW TO ORDER PARTS

1. Find the Terex Aerials Part Number.

- A. Using the Table of Contents, find the Section and Page Number.
- B. Match the required part to the illustration and note the callout number.
- C. Find the corresponding Reference number in the parts list below the illustration or on the facing page.
- D. Use the Terex Aerials Part Number listed next to the Ref. number when ordering.
- E. Always include the complete part number, as shown in the Parts Manual, along with the description of the part and specify the quantity of the part you wish to order.
- F. Anticipate your spare parts requirements.
- G. Place orders early in the day.
- H. Keep a supply of normal maintenance and recommended spare parts in stock.
- I. Obtain recommended parts stocking requirements from Terex Aerials or your Terex Aerials Distributor.

2. Customer Ordering:

Genuine Terex Aerials parts are available worldwide and must be ordered through your local Terex Aerials Distributor. For your nearest Terex Aerials Distributor, contact the Parts Sales Centre at the numbers listed below.

3. Distributor Ordering: Listed below in the respective order of preference, are the methods of ordering parts.
